

# Standards Announcement

## Project 2007-17.3 (PRC-005-4) Protection System Maintenance and Testing – Phase 3 (Sudden Pressure Relays)

### Final Ballot Results

#### [Now Available](#)

A final ballot for **PRC-005-4 - Protection System, Automatic Reclosing, and Sudden Pressure Relaying Maintenance** concluded at **8 p.m. Eastern, Wednesday, October 29, 2014**.

This standard was previously titled PRC-005-X and has been updated to PRC-005-4 due to final ballot. Project 2014-01 Standards Applicability for Dispersed Generation Resources will be updated from PRC-005-X(X) to PRC-005-4(i). For information regarding the NERC numbering system, click [here](#).

The standard achieved a quorum and received sufficient affirmative votes for approval. Voting statistics are listed below, and the [Ballot Results](#) page provides a link to the detailed results for the ballot.

Ballot
Quorum /Approval
88.25% / 74.14%

Background information for this project can be found on the [project page](#).

### Next Steps

The standard will be submitted to the Board of Trustees for adoption and then filed with the appropriate regulatory authorities.

For more information on the **Standards Development Process**, please refer to the [Standard Processes Manual](#).
