## Project 2007-06 System Protection Coordination PRC-027-1

Successive Ballot and Non-Binding Poll now open through July 3, 2013

### Now Available

A successive ballot of **PRC-027-1** – System Protection Coordination for Performance During Faults and a non-binding poll of the associated Violation Risk Factors (VRFs) and Violation Severity Levels (VSLs) is now being conducted through **8 p.m. Eastern on Wednesday, July 3, 2013**.

Background information for this project can be found on the [project page](#).

### **Instructions**

Members of the ballot pools associated with this project may log in and submit their vote for the standard and non-binding poll of the associated VRFs and VSLs by clicking [here](#).

### **Next Steps**

The ballot results for **PRC-027-1** will be announced and posted on the project page. The drafting team will consider all comments received during the formal comment period and, if needed, make revisions to the standard. If the comments do not show the need for significant revisions, the standard will proceed to a recirculation ballot.

### **Standards Development Process**

The [Standard Processes Manual](#) contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate.
