

# Standards Announcement

## Project 2007-17.3 Protection Systems Maintenance and Testing – Sudden Pressure Relays PRC-005-X

### Ballot and Non-Binding Poll Results

#### [Now Available](#)

A ballot for **PRC-005-X – Protection System, Automatic Reclosing, and Sudden Pressure Relaying Maintenance** and a non-binding poll of the associated Violation Risk Factors and Violation Severity Levels concluded at **8 p.m. Eastern on Tuesday, June 3, 2013**.

This standard achieved a quorum but did not receive sufficient affirmative votes for approval. Voting statistics are listed below, and the [Ballot Results](#) page provides a link to the detailed results for the ballot.

| Ballot            | Non-Binding Poll           |
|-------------------|----------------------------|
| Quorum / Approval | Quorum/Supportive Opinions |
| 85.42% / 47.89%   | 85.67% / 47.77%            |

Background information for this project can be found on the [project page](#).

#### Next Steps

The drafting team will consider all comments received during the formal comment period and, if needed, make revisions to the standard. If the comments show the need for significant revisions, the standard will proceed to an additional comment and ballot period. If the comments do not show the need for significant revisions, the standard will proceed to a final ballot.

For more information on the **Standards Development Process**, please refer to the [Standard Processes Manual](#).
