

# Standards Announcement

## Standards Efficiency Review Phase 2

Concepts Survey Open through March 22, 2019

The SER Phase 2 Team seeks industry input on the six efficiency concepts listed below and their ability to address the perceived areas of inefficiency within the Reliability Standards. Complete the [SER Phase 2 Questionnaire](#) by **8:00 p.m. Eastern, Friday, March 22, 2019**. Please coordinate feedback into a single response for each organization or entity. See the [SER Phase 2 website](#) for more information.

1. Evidence Retention Overhaul
2. Prototype Standard
3. Move Requirements to Guidance
4. Consolidate and Simplify Training Requirements
5. Consolidate Information/Data Exchange Requirements
6. Relocate Competency-based Requirements to Certification Program/CMEP Controls Review

### SER Phase 2 Scope

Evaluate NERC Reliability Standards (O&P and CIP), as informed by implementation experiences and compliance practices, to develop and recommend standards-based solutions intended to reduce inefficiencies and unnecessary regulatory burdens for the purpose of supporting continued safe, secure and reliable operations.

For more information or assistance, Manager of Standards Information, [Chris Larson](#) (via email) or at (404) 446-9708.
