

# Technical Rationale for Reliability Standard IRO-014-3 Project 2014-03

December 18, 2019

## **IRO-014-3 – Coordination Among Reliability Coordinators**

### **Rationale:**

During development of this standard, text boxes were embedded within the standard to explain the rationale for various parts of the standard. Upon Board of Trustees approval, the text from the rationale text boxes was moved to this section.

### **Rationale for Terminology:**

Terminology changed from Adverse Reliability Impact to Emergency for consistency amongst standards. Emergency is a more inclusive term.

### **Rationale for Requirement R7:**

Language added for consistency with proposed TOP-001-3, Requirement R7.
