

Nomination Form

Project Management and Oversight Subcommittee (PMOS)

Nominations are being sought for the Project Management and Oversight Subcommittee (PMOS) members through Friday, June 30, 2023. To submit a nomination, complete the information below and email the form to Ben Wu.

By submitting a nomination, you are indicating your willingness and agreement to participate in PMOS meetings. If selected, members are expected to attend face-to-face PMOS meetings and participate in meetings held via conference calls. The time commitment for this effort includes one face-to-face meeting per quarter (i.e., March, July, September, and December), which is held in conjunction with the face-to-face SC meetings. One conference call is typically held between face-to-face meetings. For additional PMOS information, visit the [PMOS web page](#) or contact Ben Wu via or by telephone at 470-542-6882.

Project Management and Oversight Subcommittee

The PMOS is seeking to fill two positions. Desirable qualifications include candidates knowledgeable of the [Standard Processes Manual \(SPM\)](#) and with broad historical knowledge of Reliability Standards. The PMOS works with NERC staff to support industry subject matter experts in all aspects of standard development. Consider reviewing the [PMOS Scope](#) for additional information. This includes advising and supporting standard drafting teams, enhanced periodic review teams, and special projects to achieve standard goals specified in the Reliability Standards Development Plan. The PMOS reports to the SC.

The PMOS maintains and updates a [Project Tracking Spreadsheet](#), which shows the expected and actual project milestones for each project. In addition, the PMOS works with NERC staff in maintaining a deliberate pace of development, while staggering posting periods of projects to ensure there is no industry burden during comment periods. Each project has one or more assigned PMOS liaison(s) that maintains active engagement with their assigned standard development project team(s) and developer(s), as well as, reports updates during PMOS meetings and conference calls to other subcommittee members and SC leadership.

Please Provide The Following Personal information.

Name:	
Organization:	
Address:	
Telephone:	
E-mail:	

Please (e.g., 5-10 sentences) provide a general biographical summary along with relevant Reliability Standards experience, qualifications, and why you desire to serve on the PMOS:

Explain how you have your manager’s and company’s support to participate in the quarterly face-to-face meetings and various conference calls:

Although not mandatory, will you have the ability to participate in person or by phone in two to four standard drafting team (SDT) meetings per year, in addition to PMOS engagements? (SDT meetings can range from 2-4 days each):

NERC Region(s) You Are Currently Active:¹

MRO NPCC	RF SERC	Texas RE WECC	NA – Not Applicable
-------------	------------	------------------	---------------------

Select Each Industry Segment That You Represent:

<input type="checkbox"/>	1 – Transmission Owners
<input type="checkbox"/>	2 – RTOs, ISOs
<input type="checkbox"/>	3 – Load-serving Entities
<input type="checkbox"/>	4 – Transmission-dependent Utilities
<input type="checkbox"/>	5 – Electric Generators
<input type="checkbox"/>	6 – Electricity Brokers, Aggregators, and Marketers
<input type="checkbox"/>	7 – Large Electricity End Users
<input type="checkbox"/>	8 – Small Electricity End Users
<input type="checkbox"/>	9 – Federal, State, and Provincial Regulatory or other Government Entities
<input type="checkbox"/>	10 – Regional Reliability Organizations and Regional Entities
<input type="checkbox"/>	NA – Not Applicable

¹ Check a box by left double-clicking it and changing the default value to “checked.”

Select Each Functional Entity² In Which You Have Current or Prior Expertise:

- | | |
|---------------------------------------|-------------------------------|
| Balancing Authority | Transmission Operator |
| Compliance Enforcement Authority | Transmission Owner |
| Distribution Provider | Transmission Planner |
| Generator Operator | Transmission Service Provider |
| Generator Owner | Purchasing-Selling Entity |
| Interchange Coordinator | Reliability Coordinator |
| Load-serving Entity | Reliability Assurer |
| Market Operator (Resource Integrator) | Resource Planner |
| Planning Coordinator | |

Provide The Name and Contact Information for Your Supervisor Who Can Attest To Your Project Management Qualifications, Your Ability to Work Well In A Group, and Can Approve The Expected Time Commitment:
