

# Reliability Standard Audit Worksheet<sup>1</sup>

## CIP-008-5 – Cyber Security – Incident Reporting and Response Planning

*This section to be completed by the Compliance Enforcement Authority.*

**Audit ID:** Audit ID if available; or REG-NCRnnnnn-YYYYMMDD  
**Registered Entity:** Registered name of entity being audited  
**NCR Number:** NCRnnnnn  
**Compliance Enforcement Authority:** Region or NERC performing audit  
**Compliance Assessment Date(s)<sup>2</sup>:** Month DD, YYYY, to Month DD, YYYY  
**Compliance Monitoring Method:** [On-site Audit | Off-site Audit | Spot Check]  
**Names of Auditors:** Supplied by CEA

### Applicability of Requirements

|           | BA | DP | GO | GOP | IA | LSE | PA | PSE | RC | RP | RSG | TO | TOP | TP | TSP |
|-----------|----|----|----|-----|----|-----|----|-----|----|----|-----|----|-----|----|-----|
| <b>R1</b> | X  | X  | X  | X   | X  |     |    |     | X  |    |     | X  | X   |    |     |
| <b>R2</b> | X  | X  | X  | X   | X  |     |    |     | X  |    |     | X  | X   |    |     |
| <b>R3</b> | X  | X  | X  | X   | X  |     |    |     | X  |    |     | X  | X   |    |     |

### Legend:

|  |                              |

| Text with blue background:             | Fixed text – do not edit     |
| Text entry area with Green background: | Entity-supplied information  |
| Text entry area with white background: | Auditor-supplied information |

<sup>1</sup> NERC developed this Reliability Standard Audit Worksheet (RSAW) language in order to facilitate NERC’s and the Regional Entities’ assessment of a registered entity’s compliance with this Reliability Standard. The NERC RSAW language is written to specific versions of each NERC Reliability Standard. Entities using this RSAW should choose the version of the RSAW applicable to the Reliability Standard being assessed. While the information included in this RSAW provides some of the methodology that NERC has elected to use to assess compliance with the requirements of the Reliability Standard, this document should not be treated as a substitute for the Reliability Standard or viewed as additional Reliability Standard requirements. In all cases, the Regional Entity should rely on the language contained in the Reliability Standard itself, and not on the language contained in this RSAW, to determine compliance with the Reliability Standard. NERC’s Reliability Standards can be found on NERC’s website. Additionally, NERC Reliability Standards are updated frequently, and this RSAW may not necessarily be updated with the same frequency. Therefore, it is imperative that entities treat this RSAW as a reference document only, and not as a substitute or replacement for the Reliability Standard. It is the responsibility of the registered entity to verify its compliance with the latest approved version of the Reliability Standards, by the applicable governmental authority, relevant to its registration status.

The NERC RSAW language contained within this document provides a non-exclusive list, for informational purposes only, of examples of the types of evidence a registered entity may produce or may be asked to produce to demonstrate compliance with the Reliability Standard. A registered entity’s adherence to the examples contained within this RSAW does not necessarily constitute compliance with the applicable Reliability Standard, and NERC and the Regional Entity using this RSAW reserves the right to request additional evidence from the registered entity that is not included in this RSAW. Additionally, this RSAW includes excerpts from FERC Orders and other regulatory references. The FERC Order cites are provided for ease of reference only, and this document does not necessarily include all applicable Order provisions. In the event of a discrepancy between FERC Orders, and the language included in this document, FERC Orders shall prevail.

<sup>2</sup> Compliance Assessment Date(s): The date(s) the actual compliance assessment (on-site audit, off-site spot check, etc.) occurs.

**Subject Matter Experts**

Identify the Subject Matter Expert(s) responsible for this Reliability Standard.

**Registered Entity Response (Required; Insert additional rows if needed):**

| SME Name | Title | Organization | Requirement(s) |
|----------|-------|--------------|----------------|
|          |       |              |                |
|          |       |              |                |
|          |       |              |                |

DRAFT

## DRAFT NERC Reliability Standard Audit Worksheet

### **R1 Supporting Evidence and Documentation**

- R1.** Each Responsible Entity shall document one or more Cyber Security Incident response plan(s) that collectively include each of the applicable requirement parts in CIP-008-5 Table R1 – Cyber Security Incident Response Plan Specifications. *[Violation Risk Factor: Lower] [Time Horizon: Long Term Planning].*
- M1.** Evidence must include each of the documented plan(s) that collectively include each of the applicable requirement parts in *CIP-008-5 Table R1 – Cyber Security Incident Response Plan Specifications.*

### **R1 Part 1.1**

| CIP-008-5 Table R1 – Cyber Security Incident Response Plan Specifications |  |   |   |
|---|--|---|---|
| Part  | Applicable Systems   | Requirements  | Measures  |
| 1.1   | High Impact BES Cyber Systems<br>Medium Impact BES Cyber Systems | One or more processes to identify, classify, and respond to Cyber Security Incidents. | An example of evidence may include, but is not limited to, dated documentation of Cyber Security Incident response plan(s) that include the process to identify, classify, and respond to Cyber Security Incidents. |

#### **Registered Entity Response (Required):**

**Question:** Is Part 1.1 applicable to this audit?  Yes  No

If “No,” why not?

- This entity does not have any high impact or medium impact BES Cyber Systems.
- Other: [Provide explanation below]

#### **Registered Entity Response (Required):**

##### **Compliance Narrative:**

Provide a brief explanation, in your own words, of how you comply with this Requirement. References to supplied evidence, including links to the appropriate page, are recommended.

#### **Registered Entity Evidence (Required):**

**The following information is requested for each document submitted as evidence. Also, evidence submitted should be highlighted and bookmarked, as appropriate, to identify the exact location where evidence of compliance may be found.**

| File Name | Document Title | Revision or Version | Document Date | Relevant Page(s) or | Description of Applicability of Document |
|-----------|----------------|---------------------|---------------|---------------------|--|
|           |                |                     |               |                     |  |

**Compliance Assessment Approach Specific to CIP-008-5, R3, Part 3.2**

*This section to be completed by the Compliance Enforcement Authority*

Verify that no later than 60 calendar days after a change to the roles or responsibilities, Cyber Security Incident response groups or individuals, or technology that the Responsible Entity determines would impact the ability to execute the plan, the Responsible Entity has:

- 3.2.1. Updated the Cyber Security Incident response plan(s); and
- 3.2.2. Notified each person or group with a defined role in the Cyber Security Incident response plan of the updates.

**Note to Auditor:**

**Additional Information:**

**Reliability Standard**

The full text of CIP-008-5 may be found on the NERC Web Site ([www.nerc.com](http://www.nerc.com)) under “Program Areas & Departments”, “Reliability Standards.”

In addition to the Reliability Standard, there is an applicable Implementation Plan available on the NERC Web Site.

In addition to the Reliability Standard, there is background information available on the NERC Web Site.

Capitalized terms in the Reliability Standard refer to terms in the NERC Glossary, which may be found on the NERC Web Site.

**Sampling Methodology**

Sampling is essential for auditing compliance with NERC Reliability Standards since it is not always possible or practical to test 100% of either the equipment, documentation, or both, associated with the full suite of enforceable standards. The Sampling Methodology Guidelines and Criteria (see NERC website), or sample guidelines, provided by the Electric Reliability Organization help to establish a minimum sample set for monitoring and enforcement uses in audits of NERC Reliability Standards.

**Regulatory Language**

See FERC Order 706

See FERC Order 791
