Standards Announcement
Initial Ballot Results

Now available at: https://standards.nerc.net/Ballots.aspx

Standard PER-005-1 — System Personnel Training (Project 2006-01)

The initial ballot results for standard PER-005-1 — System Personnel Training are shown below. The ballot includes the retirement of the associated approved standard PER-002-0 — Operating Personnel Training as well as conforming changes to PER-004-1 — Reliability Coordination — Staffing.

Quorum:	90.13 %
Approval:	82.47 %

Approval requires both:

- A quorum, which is established by at least 75% of the members of the ballot pool for submitting either an affirmative vote, a negative vote, or an abstention; and

- A two-thirds majority of the weighted segment votes cast must be affirmative. The number of votes cast is the sum of affirmative and negative votes, excluding abstentions and nonresponses.

The Ballot Results Web page provides a link to the detailed results of this ballot. The ballot received some negative votes with comments, and the drafting team will review the comments before determining its next step.

Standards Development Process
The Reliability Standards Development Procedure contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate.
