Standard MOD-004-1 — Capacity Benefit Margin (Project 2006-07)

Standard MOD-004-1 — Capacity Benefit Margin was approved. The final ballot results are posted below. The ballot for this standard includes the retirement of the following associated approved standards:

- MOD-005-0 — Procedure for Verifying CBM Values
- MOD-006-0 — Procedures for the Use of Capacity Benefit Margin Values
- MOD-007-0 — Documentation of the Use of Capacity Benefit Margin

Results:

Quorum: 91.49 %
Approval: 83.71 %

Approval requires both:

- A quorum, which is established by at least 75% of the members of the ballot pool for submitting either an affirmative vote, a negative vote, or an abstention; and
- A two-thirds majority of the weighted segment votes cast must be affirmative. The number of votes cast is the sum of affirmative and negative votes, excluding abstentions and nonresponses.
