

# Standards Announcement

## Project 2007-11 Disturbance Monitoring PRC-002-2

**Cost Effectiveness Comment Period: January 9 – February 7, 2014**

### [Now Available](#)

Cost Effective Analysis was developed by NERC to incorporate the concept of cost consideration and effectiveness into the development of new and revised standards. The Drafting Team will use information collected from this Cost Effective Analysis posting to review **Project 2007-11 - PRC-002-2 Disturbance Monitoring and Reporting Requirements** and make any revisions necessary to the standard.

To collect sufficient information for analysis from industry, a posting for Project 2007-11 - PRC-002-2 Cost Effective Analysis information is open through **8 p.m. Eastern Time on Friday, February 7, 2014.**

### **Instructions for Submitting Comments**

Please use the [electronic comment form](#) to submit comments. If you experience any difficulties in using the electronic form, please contact [Wendy Muller](#). An off-line, unofficial copy of the comment form is posted on the [project page](#).

### **Standards Development Process**

The [Standard Processes Manual](#) contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate.

For more information or assistance, please contact [Steve Crutchfield](#).
