# Standards Announcement
## Project 2024-02 Planning Energy Assurance

**Drafting Team Nomination Period Open through September 17, 2024**

**Now Available**

Nominations are being sought for standard drafting team members through **8 p.m. Eastern, Tuesday, September 17, 2024.**

Use the electronic form to submit a nomination. Contact Linda Jenkins regarding issues using the electronic form. An unofficial Word version of the nomination form is posted on the Standard Drafting Team Vacancies page and the project page.

By submitting a nomination form, you are indicating your willingness and agreement to actively participate in face-to-face meetings and conference calls.

Time commitments for most projects include up to two face-to-face meetings per quarter (on average two full working days each meeting) with conference calls scheduled as needed. Team members can agree to individual or subgroup assignments, hold separate meetings, and present to the full drafting team for discussion and review. Another important component of quality reviews and drafting team efforts is outreach. Members of the team will be expected to conduct industry outreach during the development process to support a successful project outcome.

Previous drafting team experience is beneficial but not required. This project has been identified as **High Priority**. See the project page and nomination form for additional information.

### Next Steps
The Standards Committee is expected to appoint members to the drafting team in October 2024. Nominees will be notified shortly after they have been appointed.

For more information on the Standards Development Process, refer to the Standard Processes Manual.

For more information or assistance, contact Standards Developer, Dominique Love (via email), or at 404-217-7578.  Subscribe to this project's observer mailing list by selecting "NERC Email Distribution Lists" from the "Service" drop-down menu and specify "Project 2024-02 Planning Energy Assurance" in the Description Box.
