

Standards Announcement

Project 2013-03 Geomagnetic Disturbance Mitigation

TPL-007-1

Formal Comment Period Now Open through November 21, 2014

[Now Available](#)

A 25-day formal comment period for **TPL-007-1 - Transmission System Planned Performance for Geomagnetic Disturbance Events** is open through **8 p.m. Eastern, Friday, November 21, 2014**.

The Standards Committee (SC) authorized a waiver to shorten the comment period for TPL-007-1 from 45 days to 25 days, with an additional ballot and non-binding poll to be conducted during the last 10 days of the comment period. The notice of waiver request presented to the SC for consideration is posted on the [project page](#).

Instructions for Commenting

Please use the [electronic form](#) to submit comments. If you experience any difficulties in using the electronic form, please contact [Wendy Muller](#). An off-line, unofficial copy of the comment form is posted on the [project page](#).

Next Steps

An additional ballot for the standard and non-binding poll of the associated Violation Risk Factors and Violation Severity Levels will be conducted **November 12-21, 2014**.

Note: If a member cast a vote in the initial ballot, that vote **will not** carry over to the additional ballot. It is the responsibility of the registered voter in the ballot pool to cast a vote again in the additional ballot. To ensure a quorum is reached, if you do not want to vote affirmative or negative, please cast an abstention.

For information on the **Standards Development Process**, please refer to the [Standard Processes Manual](#).
