Project 2019-03 Cyber Security Supply Chain Risks

Additional Ballot and Non-binding Poll Open through September 10, 2020

[Now Available](#)

The additional ballot and non-binding poll are open through **8 p.m. Eastern, Thursday, September 10, 2020** for the following:

- CIP-005-7 – Cyber Security - Electronic Security Perimeter(s)

- CIP-010-4 – Cyber Security - Configuration Change Management and Vulnerability Assessments

- CIP-013-2 – Cyber Security - Supply Chain Risk Management

- Implementation Plan

The standard drafting team's considerations of the responses received from the last comment period are reflected in these drafts of the standards.

Balloting
Use the [Standards Balloting and Commenting System (SBS)](#) to submit votes. Contact [Wendy Muller](#) regarding issues using the SBS.

Note: Votes cast in the previous ballot will not carry over to the additional ballot. It is the responsibility of the registered voter in the ballot pool to vote again in the additional ballot. NERC asks those not wanting to vote affirmative or negative cast an abstention to ensure a quorum is reached.

- *Contact NERC IT support directly at https://support.nerc.net/ (Monday – Friday, 8 a.m. - 5 p.m. Eastern) for problems regarding accessing the SBS due to a forgotten password, incorrect credential error messages, or system lock-out.*

- *Passwords expire every **6 months** and must be reset.*

- *The SBS **is not** supported for use on mobile devices.*

- *Please be mindful of ballot and comment period closing dates. We ask to **allow at least 48 hours** for NERC support staff to assist with inquiries. Therefore, it is recommended that users try logging into their SBS accounts **prior to the last day** of a comment/ballot period.*

Next Steps
The ballot results will be announced and posted on the project page. The drafting team will review all responses received during the comment period and determine the next steps of the project.
