

# Standards Announcement

## Project 2021-01 Modifications to MOD-025 and PRC-019

**Nomination Period Open through April 2, 2021**

### [Now Available](#)

Nominations for Standard Authorization Request (SAR) drafting team members are being sought through **8 p.m. Eastern, Monday, April 2, 2021.**

Use the [electronic form](#) to submit a nomination. Contact [Linda Jenkins](#) regarding issues using the electronic form. An unofficial Word version of the nomination form is posted on the [Standard Drafting Team Vacancies](#) page and the [project page](#). By submitting a nomination form, you are indicating your willingness and agreement to actively participate in face-to-face meetings and conference calls.

The time commitment for this project can be up to two face-to-face meetings per quarter (on average two full working days each meeting) with conference calls scheduled as needed to meet the agreed upon timeline the team sets forth. Team members may also have side projects, either individually or by sub-group, to present for discussion and review. Lastly, an important component of the team effort is outreach. Members of the team will be expected to conduct industry outreach during the development process to support a successful ballot. Previous drafting team experience is beneficial but not required. See the [project page](#) and nomination form for additional information.

### **Next Steps**

The Standards Committee is expected to appoint members to the SAR drafting team in May 2021. Nominees will be notified shortly after they have been appointed.

For more information on the Reliability Standards development process, refer to the [Standard Processes Manual](#).
