

UPDATE

Standards Announcement

Project 2020-01 Modifications to MOD-032-1

Nomination Period Open through April 24, 2020

[Now Available](#)

NOTE: Due to a glitch with the survey software, the four to five nominations that were previously submitted (between March 24 and April 3, 2020), have unfortunately been removed from the system. Therefore, we need to ask those submitters to please complete the electronic nomination form again. We apologize for the inconvenience.

Nominations are being sought for SAR drafting team members through **8 p.m. Eastern, Friday, April 24, 2020**

Use the [electronic form](#) to submit a nomination. Contact [Linda Jenkins](#) regarding issues using the electronic form. An unofficial Word version of the nomination form is posted on the [Standard Drafting Team Vacancies](#) page and the [project page](#).

By submitting a nomination form, you are indicating your willingness and agreement to actively participate in face-to-face meetings and conference calls.

The time commitment for this project is expected to be two face-to-face meetings per quarter (on average two full working days each meeting) with conference calls scheduled as needed to meet the agreed upon timeline the team sets forth. Team members may also have side projects, either individually or by sub-group, to present for discussion and review. Lastly, an important component of the team effort is outreach. Members of the team will be expected to conduct industry outreach during the development process to support a successful ballot.

Previous drafting team experience is beneficial but not required. See the [project page](#) and nomination form for additional information.

Next Steps

The Standards Committee is expected to appoint members to the SAR drafting team in May 2020. Nominees will be notified shortly after they have been appointed.

For more information on the Standards Development Process, refer to the [Standard Processes Manual](#).

[Subscribe to this project's observer mailing list](#) by selecting "NERC Email Distribution Lists" from the "Applications" drop-down menu and specify "Project 2020-01 Modifications to MOD-032-1" in the Description Box. For more information or assistance, contact Senior Standards Developer, [Chris Larson](#) (via email) or at 404-446-9708.
